EXTERIOR PAINT COLORS FOR TRIM & SHUTTERS

Below is a list of colors , with color code, taken from McCormick Paints Exterior Colour Collection (formerly called Colonial Exterior Colors). While it is not required that you purchase your paints from McCormick Paints, you must match the color by color code from their paint palettes. Please go to McCormick Paints and obtain the appropriate paint chip to bring to the store of your choice for matching to any brand of paint you choose. However, do **NOT** print this document and match the color from this document. Colors are distorted during the computer conversion and printing processes.

Homeowners are required to submit [requests to the Architectural Review Board \(ARB\)](#) for approval of any changes to the existing colors. For detailed regulations regarding colors, please visit the [Architectural Review Board Guidelines](#) .
